# 113 MAPS

FOR CURSE OF STRAHD

---

Maps and art by Tessa Morecroft  
Layout and formatting by Jon Morecroft

# Introduction

*To everyone out there who loves DUNGEONS & DRAGONS as much as I do but isn't able bring to life the maps that every game deserves, I hope this brings you joy. Now... ROLL FOR INITIATIVE!*

—Tessa Morecroft

## Contents

Within this product you will find four PDF documents, including this one, and four ZIP files.

Each ZIP file contains a full set of maps in a particular format, with a title to describe that format. The ZIP file titled 'Maps – DD Source Files' additionally includes the 'Tessa Presents' asset pack used in the creation of the maps.

Printable versions of the maps are included in the three other PDF documents. For the best results please refer to the printing guides below.

## Free Stuff

I compile tokens, handouts, maps, lists of the encounters and tokens, and other resources for use with this and other DUNGEONS & DRAGONS campaigns. Please look for them on Reddit under [r/TessaPresentsMaps](https://www.reddit.com/r/TessaPresentsMaps).

## Feedback and Support

If you have any feedback or find any mistakes, please contact me at [tessapresentsmaps@gmail.com](mailto:tessapresentsmaps@gmail.com).

## Importing to a VTT

The folder 'Maps UniversalVTT No Grid 100ppi' contains files that can be imported into virtual table

tops like Fantasy Grounds, Roll20, and Foundry VTT. In each case you need to use a 3<sup>rd</sup> party app or plugin to import the files.

## Printing Guide

Follow these guidelines when printing the maps then print the first two pages as a test to confirm that the settings are correct.

- Ensure the correct printer is selected, and that it has the correct paper loaded e.g. that 11x17 paper is loaded for the 'Maps 11x17 Printable' PDF
- Set the page range you want to print if you don't intend to print every map
- Set the page size to 'Actual size'
- Set paper size to the correct paper size e.g. 11x17 paper size for the 'Maps 11x17 Printable' PDF
- Set the output color to 'Color'
- Set printing to '1-sided'

Most maps will output as multiple pages which need to be combined.

## Black and White Printing

The output from printing these maps in black and white is underwhelming and not recommended.

## Commercial Printing

Printing the 'Maps 8.5x11 Printable' PDF on your home printer is an easy option. However if you have the access and funds to have a commercial printing shop print to a larger paper size you will get a better print quality, and you will need to cut and stick together far less pages.
